E-mail: info@acbsp.com

Dear Doctor of Chiropractic Program Deans,

The American Chiropractic Board of Sports Physicians (ACBSP™) promotes the highest standards of excellence and clinical competence for chiropractors specializing in sports medicine and physical fitness. In order to maintain these standards, the ACBSP™ periodically conducts job analyses in order to ensure its examinations reflect the occupational realities of practicing, certified chiropractic sports physicians.

Our most recent job analysis resulted in some content emphasis and distribution changes for the written ACBSP™ Diplomate examination, which are reflected in the attached test plan. This revised test plan will go into effect for written ACBSP™ Diplomate examinations offered starting in 2021.

Please distribute the updated ACBSP™ Diplomate examination test plan to DACBSP course administrators and instructors. Questions regarding the updated test plan, examinations, and ACBSP® certifications may be directed to info@acbsp.com.

Sincerely,

A handwritten signature in black ink that reads "Robert Nelson DC DACBSP". The signature is written in a cursive, flowing style.

Robert Nelson, DC, DABCSP®

President, Board of Directors

American Chiropractic Board of Sports Physicians™
